

[http://www.sas.com/en\\_ca/software/university-edition/download-software.html](http://www.sas.com/en_ca/software/university-edition/download-software.html)

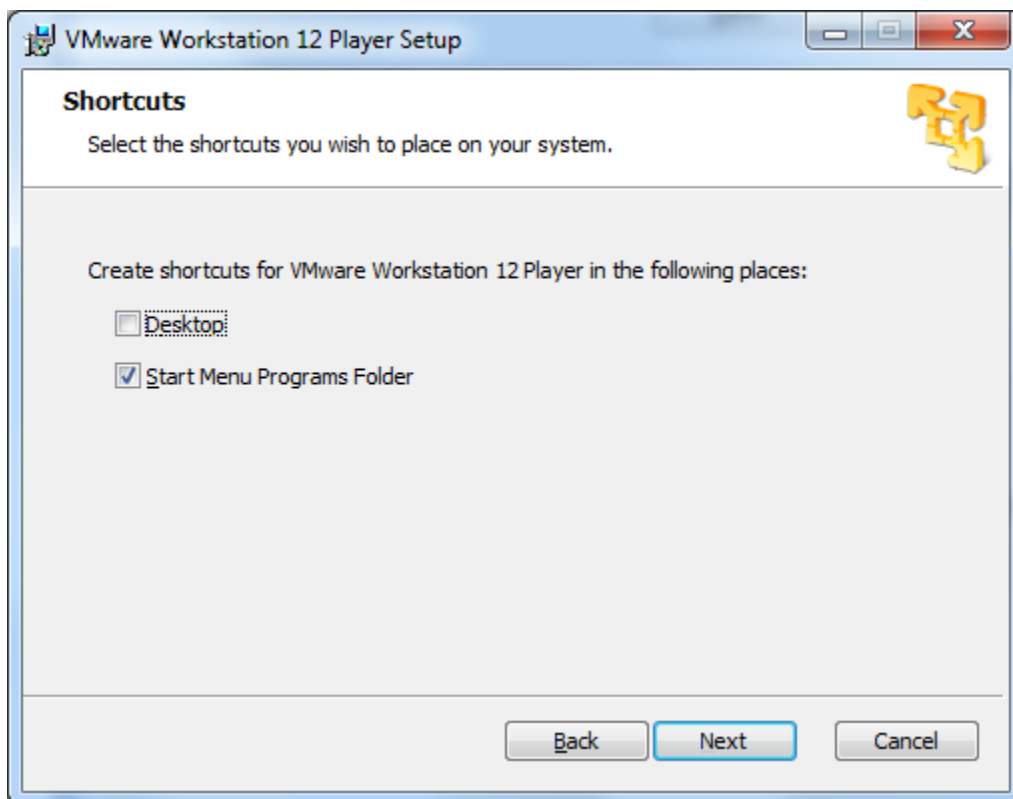

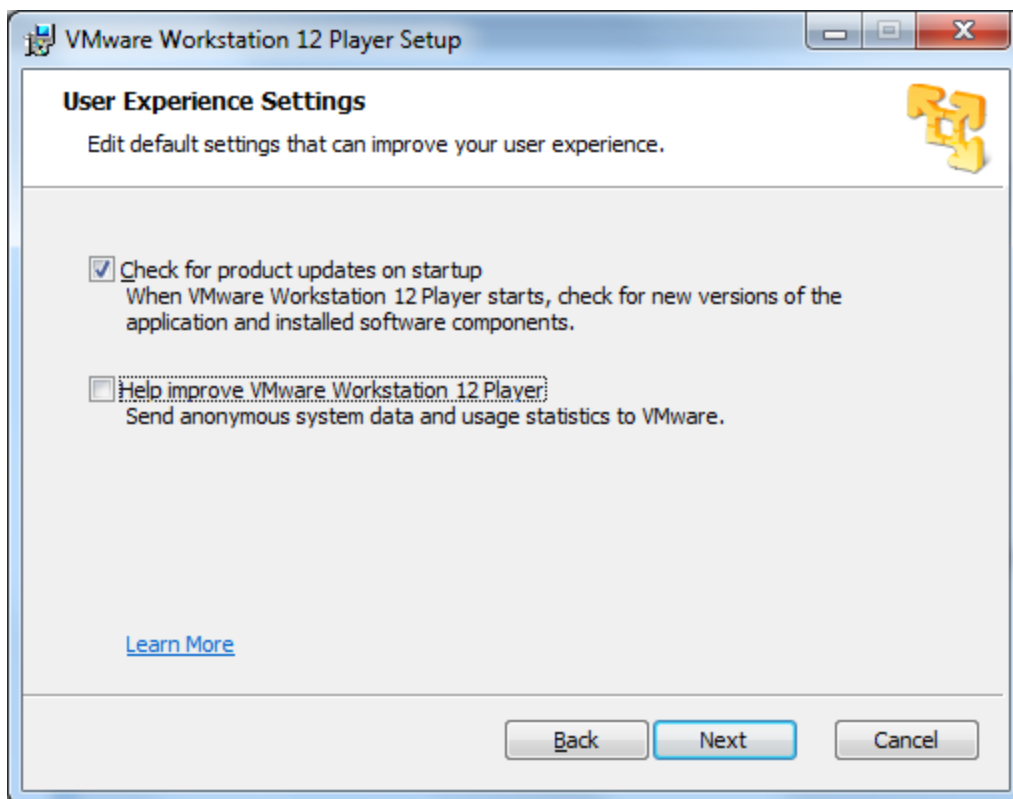

**Step 1: Make sure you have a compatible virtualization software package.**

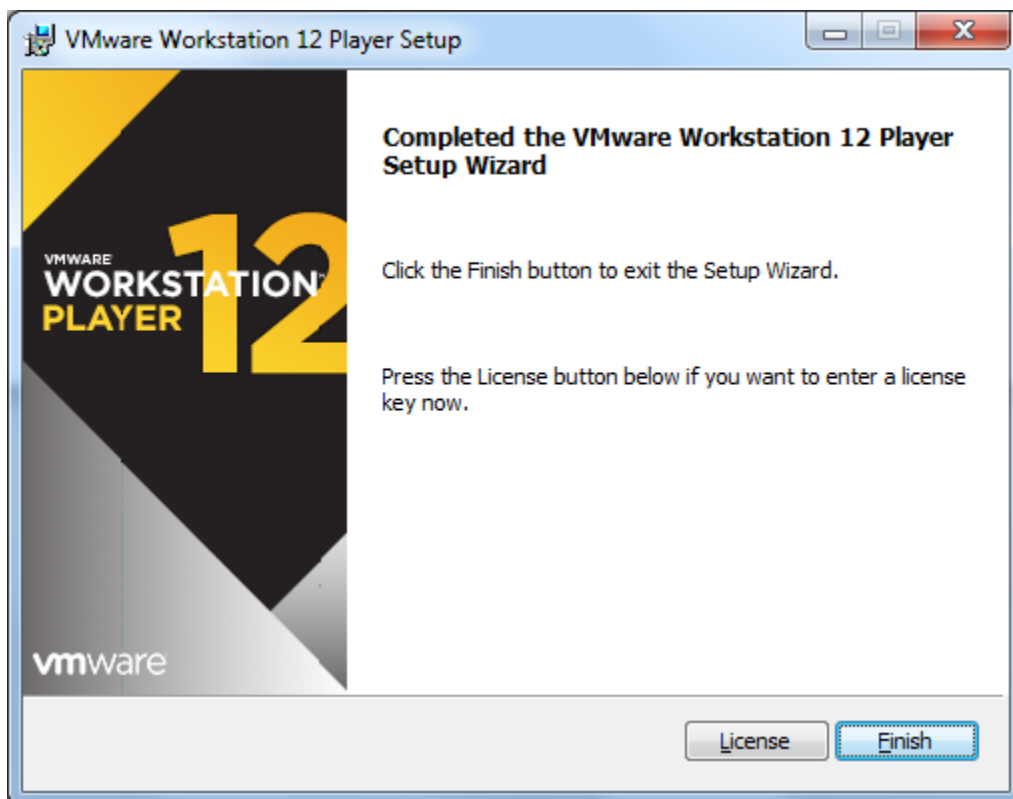

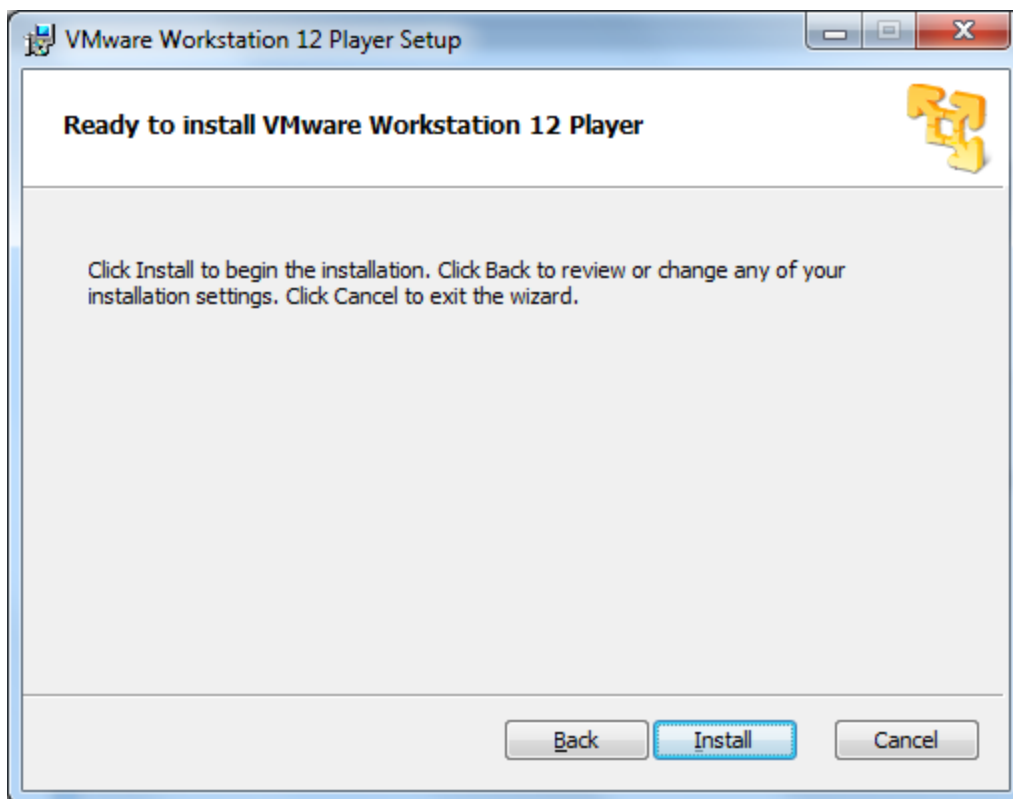

VMware Workstation 12 Player

[https://my.vmware.com/web/vmware/free#desktop\\_end\\_user\\_computing/vmware\\_workstation\\_player/12\\_0|PLAYER-1200|product\\_downloads](https://my.vmware.com/web/vmware/free#desktop_end_user_computing/vmware_workstation_player/12_0|PLAYER-1200|product_downloads)

## Step 2: Get the Quick Start Guide (PDF or video) for your virtualization software package.

<http://support.sas.com/software/products/university-edition/docs/en/SASUniversityEditionQuickStartVMwarePlayer.pdf>

## Step 3: Download SAS® University Edition.

Choose "SAS® University Edition for VMware".

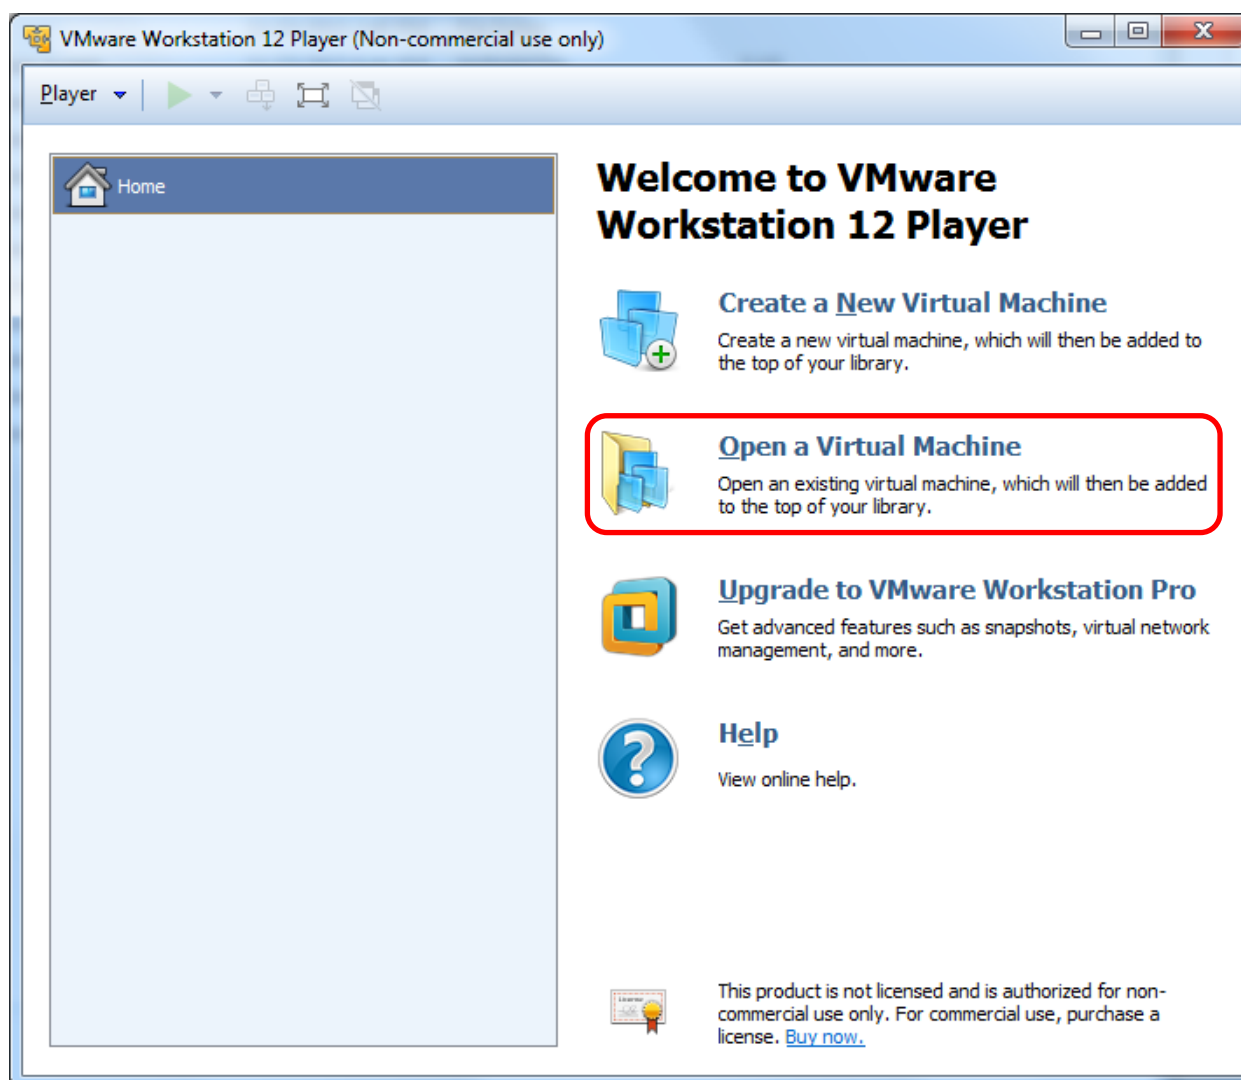

Unzipped to C:\SAS University Edition\\_Installation Files\

Create:

C:\SAS University Edition\My Folders\Data\

C:\SAS University Edition\My Folders\Programs\

**Start > All Programs > VMware > VMware Workstation 12 Player**

Navigate to C:\SAS University Edition\\_Installation Files\, select "SAS-University-Edition.vmx", and then click OK.

Follow the instructions in QuickStart Guide to create a "myfolders" shared folder for C:\SAS University Edition\\_Installation Files\My Folders\

Edit virtual machine settings

Click the "Power On" button in the player toolbar or click the "Play virtual machine" link in the right panel of the player.

Play virtual machine

Open a Web browser and navigate to:

<http://192.168.134.128>

SAS Studio is ready for use after the check for updates is complete.

## NOTIFICATIONS

---

SAS University Edition is up-to-date.

Click the "Start SAS Studio" button.

**Data** and **Programs** folders in SAS Studio:
